

Anthony Marengo, Jr., D.D.S.

Our office is dedicated to providing the highest quality care for our patients. We use the best materials available in an effort to ensure excellent results and patient satisfaction. This includes composite (white) filling material on anterior and posterior teeth. Some insurance companies do not cover the full percentage of composite (white) fillings on posterior teeth (molars & bicuspids). After the insurance pays, you will be responsible for the remaining balance (not including any preferred provider write off's if Dr. Marengo is a network provider on your plan).

I understand the above paragraph and agree to the terms stated.
