Family and Cosmetic Dentistry

Financial Policy

Insurance

Most insurance plans are not meant to be a “pay-all” and you will typically have a deductible and/or a co-pay for all services performed. As a courtesy, we will file insurance claims for you. We believe that 60 days is an adequate amount of time for an insurance company to make payment on a claim. Therefore, any claims more than 60 days past due will become immediately payable directly by you and collecting any payment from your insurance company will become your responsibility.

Payment Information

1. All co-pays and deductibles are due and payable the day of your appointment.
2. We accept cash, checks, Visa, MasterCard, Discover and American Express.
3. All charges are your responsibility whether your insurance company pays or not. Not all services are a covered benefit in all contracts.
4. Your insurance policy is a contract between you and your insurance company. We are not a party in that contract. We file insurance as a courtesy only.
5. Accounts become past due after 90 days. We reserve the right to add a finance charge and send the account to collections if the balance is not paid in full in the 90 day time frame.
6. This office requires a minimum of **48 hours notice** to cancel or reschedule all appointments. Any appointment change with less than 48 hours notice will incur a **minimum** \$60.00 fee.

I hereby acknowledge that I have read, understand and agree to the terms of this document relating to insurance coverage and payment of my bill.
